

Dear Sir

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation. I cant believe that anyone who cares in democracy would not be concerned. No wonder we have election observers from other countries watching to see if our elections are fair. More and more this seem like a third-world situation rather than the leading country of the free nations. Why is this hour long free polical add allowed with no rebuttel? Aren't there public air-waves. Dont' you care about this country. How can we have free, imformed elections when things like this happens? Please respond to this.
